

## **Mayor Cuts Tape for Opening of Prestigious New Residential Development at the Heart of Kidderminster**

Mrs Anne Hingley, Mayor of Kidderminster, attended the official opening of the canal side Castle Locks development at the heart of the town. The event held on the 14th July and hosted by St Charles Homes, showcased a selection of stylish, luxury 1 & 2 bedroom apartments in the sought after location. Most apartments enjoy fabulous views overlooking the canal, while ground floor apartments have their own spacious private gardens.

The site, which has had several reincarnations over the years, having previously been a public swimming bath and a nightclub, has been redeveloped to the highest standards with enviable specifications. At the event the mayor spoke about how due to a polio outbreak in 1948, the swimming center was forced to close on public health grounds, a big loss to the community. As a result many children of the time did not have the opportunity to learn how to swim. The site which was previously a hub within the local community in its previous forms over the decades, is now a newly developed hub of luxury living at great prices fit for the 21st Century.

Mr. Alex Brotherton, St. Charles' Managing Director, welcomed the Mayor to the opening, emphasizing his company's commitment and pride in investing in Kidderminster. He also spoke of the company's dedication to delivering the highest standards of development and customer service. Mr. Brotherton donated a laptop computer to the mayor's favoured charity, Amongst Friends, a charity committed to supporting families of dementia patients.

**For more information on St Charles' Castle Locks development please visit at Castle Street, Kidderminster, Thursday through to Monday, 11am - 5pm.**
